Following is the tentative action plan for Village Rithaura Grunt, Autumn Semester'23:

1. Gobar Diya making initiative:

Members Involved: Ms Ishika Arya

- *Gobar diya* initiative is an alternative for *mitti diya*. The team contacted Zero Brand pvt. Ltd. The firm agreed to provide the machine as well as training but in return requires 500 *diyas* per day at the cost of Rs 1 per *diya*. The surplus *diya* can be sold in the campus. A

Date	Activity
May 14, 2023	Convinced SHG women about <i>gobar diya</i> and explained the benefits.
June 24, 2023	Received 12k from SHG women as security fee for the machine.
July 11, 2023	Explained the terms and conditions of the agreement to be signed between the company and them.
July 29, 2023	Discussion on deciding the dates of training.

August 10, 2023	Training date
October 5, 2023	Sample sent for testing
First week of November	Initiation of making of <i>diyas</i> after the conformation from the NGO

2. Candle making initiative:

Members Involved: Ms Radhika Verma and Mr Samarth

- Aims to promote SHG women to produce candles. The candles have a distributed market and great profit margins (greater than 80%) also as Diwali is around the corner (12th November) the candles made can be sold in the IIT Roorkee campus, schools and in the markets of Roorkee owing to the demand.
Currently we propose this initiative to be a short-term initiative which will be carried till the time of Diwali only. Thus, we project to start the candle production in bulk so that some considerably good number of candles can be made till 1st of November.
- With this initiative we also aim to brand the candles as an SHG product by the women of Rithaura Grunt, UBA this will help in recognition thus making it easy to market products like paper bags, bio enzyme etc in the market. This will also help us in our future initiatives.

Date	Activity
August 31, 2023	Purchased course for training of candle making initiative
September 21, 2023	Prepared list of materials to be ordered at what prices and place comparing the quotations and prepared an estimate for the initiative
September 25, 2023	Raw materials (wax, wick, colour, fragrance) ordered
October 2, 2023	Prepared some of the candles by ourselves hence also testing the materials
October 8, 2023	Training provided to women
October 10, 2023	Received positive response with the training also women shared pictures of candles that they made and confirmed the team that they will produce candles
Till November 1, 2023	Focusing more on packaging, branding, and marketing of candles

3. Paper Bag initiative:

Members involved: Ms Radhika Verma

- The initiative proposed aims at financial empowerment of the women of SHG by promoting them to make paper bags. The training can be provided this, the production process involves no use of any machinery, but the knowledge of production processes can help in increasing the productivity as the entire manufacturing process will be done by hands. Manufacturing process majorly includes cutting, folding (precision required), adding support, sticking, attaching the handles.

Date	Activity
Mid November	Conduct market survey of the local markets of Roorkee and analysing it upon various parameters
End November	Confirming the raw material providers, thus estimating the costs for production, and presenting the action plan of initiative to the women
Mid December	Estimating the market and devising a suitable type of production process for increased profits and efficiency
Mid December	Training can be started (we decide to keep the training on hold until the commencement of candle making initiative)

4. Bio enzyme:

Members involved: Ms Radhika Verma, Ms Ishika Arya

- This initiative emphasizes on reusing the food/fruit waste to produce bio enzyme which can act as an organic floor cleaner, thus minimizing the use of normal phenyl or other cleaners which comprises of various chemicals. The tested bio enzyme can be used in the institute hostels. The packaging can be done by reusing the floor cleaner bottles already in use in hostels.

Date	Activity
February 18, 2023	Convinced the SHG women and showed them online videos about the process.
April 2, 2023	First unit of bio enzyme set up in the village.
May 14, 2023	More units set up and checked the progress of previously set up units.
July 1, 2023	Collected prepared bio enzyme samples for testing.
October 9, 2023	63 Litre bio enzyme procured

5. Documentation Drive

- The team found out that most of the villagers do not have the most basic documents like *Adhaar* card, caste certificate, birth certificate etc while collecting the documents for RTE (due to which the initiative could not be conducted properly), so the team decided to start a documentation drive. It in the last visit dated July 1, 2023, and the income certificate of 1-2 people were made.

Date	Activity
January 2024	Contact BMM and people to setup camp in the village, promotions and later execution.

6. Blood donation Drive

- The primary objective of the drive is to collect an adequate and safe supply of blood that can be used to save lives in various medical situations and emergencies.

Date	Activity
January 2024	Research and survey in the village about participation.
February 2024	Contact a nearby hospital and setting up the camp in the village.

7. Jute bag initiative

Members Involved: Ms Akansha Meena

- The initiative aims to promote self-employment and skill development by manufacturing and selling biodegradable jute bags by SHG women. Jute bags manufacturing is eco-friendly and can replace plastic bags. It is completely reusable, recyclable, and biodegradable it helps the SHG in the empowerment and development of skills. The training can be provided with the use of sewing machine, mostly all the women interested have sewing machines with them (as per the survey conducted by team recently) and process includes cutting of jute rolls, sewing, stitching attaching the handles and zipper and printing of SHG logo on jute bag can make it as a commercial business. The initiate aims to provide training to SHG women.

Date	Activity
	Previously tried contacting various institutes but due to their requirements for number of days and women, the team decided to look for more institutes
September,2023	Search for the institutes to provide training.
September,2023	Scrapped

8. Cattle insurance and Vaccination:

- This initiative aims to boost the health of the cattle's and protect them from several diseases which are being spread in different seasons in village. The insurance scheme gives the cattle owner a security in case his cattle expire due to some reason.

Date	Activity
Next semester	Talk to the villagers about the health of their cattle's and about the schemes if these were already going on or not. Analysing the visit survey about cattle's, we will take actions and contact to the nearer animal husbandry hospital.

9. Science Exhibition Initiative

Members Involved: Mr Aryan Raj and Ms Ishika Arya

- This initiative targets the students at the secondary school of Daluwala Khurd. The initiative aims to expose the students of class 8th to 10th to the world of science with innovative practicals and models.
- Apart from just being an exhibition of various models, this initiative intends to lessen the gap between the class 10th and 8th students by combining them into teams and organizing it in a competition format.

Date	Activity
September 2023	Survey in the school regarding the interests of students and teachers about the initiative.
October 2023	Listing out the equipment available in the institute campus and buying the unavailable ones.
Last week of October 2023	The execution of exhibition.

10. Quiz Competition Initiative

Members Involved: Mr Aryan Raj and Ms Ishika Arya

- This initiative intends to act as a follow-up agent for the exposure of students of Daluwala to the national competitions. The quiz competitions will be divided among the classes of 8th, 9th, and 10th and will cover the topics of mostly general knowledge alongside basic mathematics and English comprehension and language.

Date	Activity
------	----------

November 2023	Collect data about students interests and aspirations to properly frame the quiz.
November 2023	Provide the students some guidance and resources.
Last week of November 2023	The execution of competition.

11. Vermicomposting

Members Involved: Mr. Sachin Chauhan

- Vermicomposting is an initiative which help in organic waste management and would benefit the farmers economically as well. The villagers are completely unaware about such practices. We installed a bed in Rithaura Grunt a year ago. The bed was not of appropriate dimensions hence manure could not be produced but the worms in the bed are multiplying, and they will be used to set up new beds of appropriate dimensions in further installation.

Date	Activity
October 7, 2023	Finding suitable place for new bed installation. Got out earthworms from former bed for new bed. Collecting <i>gobar</i> for 14-15 days for the bed setup.
November 2023	Installation of the bed(s)

Tentative Schedule and Budget

Initiative Name	No. of Visits	Members Required	Estimated Budget			
			Log.	T.A.	D.A.	Total
<i>Gobar Diya</i> making	1	1	23,000	-	-	23,000
Candle making initiative	3-4	3	14,000	1,120	2,160	17,280
Jute bag initiative	5	1	20,000	-	900	20,900
Paper bag initiative	4-5		10,000	-	900	10,900
Science Exhibition	3-4	3	3,500	900	2160	6,560

Quiz Competition	3	2-3	3,000	900	540	4,440
Vermicomposting	3	1	1,000	-	540	1,540
Documentation Drive	-	-	-	-	-	-
Cattle Vaccination	-	-	-	-	-	-
Blood Donation	-	-	-	-	-	-

Tentative total budget = Rs 84,620/-
